

SATO STOOL

Not a fan of squatting? No problem! The western-style sit stool toilet provides a comfortable and pleasant toilet experience for households without access to a sewerage system. The award-winning design delivers freshness, comfort and safety to households and public institutions that do not have access to running water or sewer systems.

11 REASONS TO CHOOSE OUR SATO STOOL

- 1 MINIMISES ODOURS:** award-winning trap door technology creates an air-tight seal that closes off pit latrines
- 2 WATER-SAVING:** our toilets require less than 1 litre per flush – 80% less than conventional toilet pans
- 3 KEEPS FLIES AND INSECTS AWAY:** the trap door technology closes the pit when not in use, keeping flies and insects away
- 4 COMFORT:** Allows comfortable sitting position for all family members, from the young to the elderly and provides better access for those with reduced mobility
- 5 NO VISUAL CONTACT WITH HUMAN WASTE:** the trap door shuts out unpleasant view into dark pit and human waste
- 6 INCREASED SAFETY:** limited outlet aperture prevents young children from accidentally falling into pits
- 7 EASY TO INSTALL:** can be used in new construction or as a retrofit in existing toilets
- 8 EASY TO MAINTAIN:** our products are made from durable plastic which is easy to clean with commercially available toilet cleaners, ensuring easy maintenance and a long-life to our products
- 9 EASY TO TRANSPORT:** SATO pans can be stacked, making it easy to transport. Because it is made of rigid plastic, it is resistant to adverse geographies and will not break easily
- 10 DURABLE:** We have machine-tested our products, with our trap-door technology lasting an estimated 100 years of use by a household of five members
- 11 AFFORDABLE:** the SATO pan has been designed to be affordable and costs, on average, 5 dollars (prices vary in each market)
