

SATO130 "ORISSA" PAN W/ CEMENT DOOR, LOCKING TABS

Model Numbers:

- SATO130 (shown)
- SATO130R
- SATO130WR

Features/Benefits:

- Self-closing trap door design allows for a small amount of water to create a seal between waste and human environment
 - Minimizes odor and harmful gases - door remains in closed position unless in use or when flushing
 - Prevents insects from entering and escaping pits preventing spread of diseases
 - Water saving
 - Water seal depth: up to 12mm
- Cement used as an inexpensive counterweight material in locations where cement is easily accessible (SATO130 - cement not included)
- Rubber counterweight provides ready installation without the need for cement counterweight (SATO130R/130WR)
- Closed aperture ensures sense of safety, especially for children
- Small profile of trap door design allows for installation in tight spaces or with Connection Box SATO301
- Locking tabs for alignment and easy installation of Connection Box SATO301
- Integrated footrests for added comfort
- Knockout holes around perimeter allow for pan to be nailed down, if desired
