

SATO701 Slab w/ Pan and Bird Door

Model Numbers:

- SATO701

Features/Benefits:

- 1200 x 800mm blow-molded slab
 - Lightweight and sturdy design facilitates easy and fast latrine floor construction
- Meets UNHCR procurement requirements
- For direct pit application
- Self-closing trap door design allows for a small amount of water to create a seal between waste and human environment
 - Minimizes odor and harmful gases - door remains in closed position unless in use or when flushing
 - Prevents insects from entering and escaping pits preventing spread of diseases
 - Water saving
 - Water seal depth: up to 7mm
- Integrated plastic counterweight for areas where other counterweight materials (e.g. cement or rubber) are not easily accessible
- Closed aperture ensures sense of safety, especially for children
- Includes hardware for mounting pan to slab
- Includes iron pegs (x4) to secure slab to the ground
