

# SATO703 Slab w/ Pan, Door and Connection Box

## Model Numbers:

- SATO703

## Features/Benefits:

- 1200 x 800mm blow-molded slab
  - Lightweight and sturdy design facilitates easy and fast latrine floor construction
- Meets UNHCR procurement requirements
- Includes Connection Box SATO301 for offset pit application
- Self-closing trap door design allows for a small amount of water to create a seal between waste and human environment
  - Minimizes odor and harmful gases - door remains in closed position unless in use or when flushing
  - Prevents insects from entering and escaping pits preventing spread of diseases
  - Water saving
  - Water seal depth: up to 12mm
- Rubber counterweight provides ready installation without the need for cement counterweight
- Closed aperture ensures sense of safety, especially for children
- Includes hardware for mounting pan and collection box to slab
- Includes iron pegs (x4) to secure slab to the ground (optional)
